

## **Retiree RxCare 2025 Five Tier Formulary (List of Covered Drugs or “Drug List”)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION  
ABOUT SOME OF THE DRUGS WE COVER IN THIS PLAN**

Formulary ID No. 25485, Version 20

This formulary was updated on 12/01/2025. We have made no changes to this formulary since 12/01/2025. For more recent information or other questions, please contact Retiree RxCare Customer Care Center at 1-855-693-3921 (TTY users should call 711), 24 hours a day, 7 days a week, or visit <http://retireerxcarepdp.com>.

**Note to existing members:** This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us,” or “our,” it means MG Insurance Company. When it refers to “plan” or “our plan,” it means Retiree RxCare.

This document includes a partial Drug List (formulary) for our plan which is current as of 12/01/2025. For a complete, updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

### **What is the Retiree RxCare Abridged formulary?**

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Retiree RxCare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Retiree RxCare will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Retiree RxCare network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a partial formulary and includes only some of the drugs covered by Retiree RxCare. For a complete listing of all prescription drugs covered by Retiree RxCare, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

## Can the formulary change?

Most changes in drug coverage happen on January 1, but we Retiree RxCare may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: <http://retireerxcarepdp.com>.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Retiree RxCare’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add a new biosimilar to replace an original biological product currently on the formulary or add new restrictions after we add a corresponding drug. We may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the

change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Retiree RxCare’s Formulary?”

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2025. To get updated information about the drugs covered by Retiree RxCare please contact us. Our contact information appears on the front and back cover pages. If there are any changes to this formulary mid-year, we will send members a notice of change.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular, Hypertension / Lipids. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 116. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

Retiree RxCare covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

## What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Retiree RxCare requires you [or your prescriber] to get prior authorization for certain drugs. This means that you will need to get approval from Retiree RxCare before you fill your prescriptions. If you don’t get approval, Retiree RxCare may not cover the drug.
- **Prior Authorization B/D:** This drug requires a Prior Authorization to determine if the drug is covered under Medicare Part B or Medicare Part D. Additional information is required from you or your Physician to make a determination before you may get your prescription filled. If you do not get approval, Retiree RxCare may not cover the medication and you will be responsible for the full cost of the drug, or for submitting the drug to your Medicare health plan.
- **Quantity Limits:** For certain drugs, Retiree RxCare limits the amount of the drug that Retiree RxCare will cover. For example, Retiree RxCare provides 30 per prescription for Zolpidem Tartrate 10mg. This may be in addition to a standard one-month or three-month supply.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Retiree RxCare to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Retiree RxCare’s formulary?” on page 5 for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs,

so Retiree RxCare may cover your drug. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Retiree RxCare does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Retiree RxCare. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Retiree RxCare.
- You can ask Retiree RxCare to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the Retiree RxCare's Formulary?**

You can ask Retiree RxCare to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Retiree RxCare limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Retiree RxCare will only approve your request for an exception if the alternative drugs included on the plan's formulary, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

### **What can I do if my drug is not on the formulary or has a restriction?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up

to a maximum 30 day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the 90 days of membership in our plan, we will cover a 31 day emergency supply of that drug while you pursue a formulary exception.

**Note:** If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 30-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 30-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

For current members, who are in a long-term care facility or going through level of care changes, Retiree RxCare will allow up to a one-month supply of medication.

**Examples of level-of-care changes may include:**

- Discharge from a hospital to a home setting (i.e., assisted living, long-term care (LTC), or private home) accompanied by a list of medications that may not always consider the plan drug list due to the short-term nature of the hospital visit.
- Termination of a Medicare Part A skilled nursing facility stay (where payments include all pharmacy charges)
- Hospice disenrollment
- Leaving a long-term care facility stay and returning to the community.
- Discharge from psychiatric hospitals with drug regimens that are highly individualized.

**For more information**

For more detailed information about your Retiree RxCare prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Retiree RxCare, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or visit <http://www.medicare.gov>.

# Retiree RxCare Formulary

The abridged formulary that begins on the next page provides coverage information some of the drugs covered by Retiree RxCare. If you have trouble finding your drug in the list, turn to the Index that begins on page 116.

**Remember:** This is only a partial list of drugs covered by Retiree RxCare. If your prescription is not in this partial formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages. The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if Retiree RxCare has any special requirements for coverage of your drug.

## Understanding the requirements/limits

| Coverage Tier | Definition          |
|---------------|---------------------|
| 1             | Preferred Generics  |
| 2             | Generics            |
| 3             | Preferred Brands    |
| 4             | Non-Preferred Drugs |
| 5             | Specialty           |

| Abbreviation | Program Name               | Definition                                                                                   |
|--------------|----------------------------|----------------------------------------------------------------------------------------------|
| PA           | Prior Authorization        | Approval is required before your plan will cover this medication.                            |
| PA B/D       | Medicare Part B vs. Part D | Coverage may be available under Medicare Part B or Part.                                     |
| QL           | Quantity Limit             | There is a limit to the amount that can be filled per prescription or over a period of time. |

## (List of Covered Drugs)

| DRUG NAME                                                        | DRUG TIER | REQUIREMENTS/LIMITS  |
|------------------------------------------------------------------|-----------|----------------------|
| <b>Analgesics</b>                                                |           |                      |
| <b>Analgesics, Other</b>                                         |           |                      |
| <i>butalbital-acetaminophen-caffe (50-300-40, 50-325-40)</i>     | 2         | QL (180 PER 30 DAYS) |
| <i>butalbital-acetaminophen 50-325</i>                           | 2         | QL (180 PER 30 DAYS) |
| <i>butalbital-aspirin-caffeine cp</i>                            | 2         | QL (180 PER 30 DAYS) |
| ESGIC 50-325-40 MG CAPSULE                                       | 2         | QL (180 PER 30 DAYS) |
| <i>tencon</i>                                                    | 4         | QL (180 PER 30 DAYS) |
| ZEBUTAL                                                          | 2         | QL (180 PER 30 DAYS) |
| <b>Nonsteroidal Anti-inflammatory Drugs</b>                      |           |                      |
| ARTHROTEC 50                                                     | 4         | QL (120 PER 30 DAYS) |
| ARTHROTEC 75                                                     | 4         | QL (90 PER 30 DAYS)  |
| CELEBREX (50 MG CAPSULE, 100 MG CAPSULE, 200 MG CAPSULE)         | 4         | QL (60 PER 30 DAYS)  |
| CELEBREX 400 MG CAPSULE                                          | 4         | QL (30 PER 30 DAYS)  |
| <i>celecoxib (50 mg capsule, 100 mg capsule, 200 mg capsule)</i> | 2         | QL (60 PER 30 DAYS)  |
| <i>celecoxib 400 mg capsule</i>                                  | 2         | QL (30 PER 30 DAYS)  |
| DAYPRO                                                           | 4         | QL (90 PER 30 DAYS)  |
| <i>diclofenac 1.5% topical soln</i>                              | 2         | PA                   |
| <i>diclofenac pot 50 mg tablet</i>                               | 2         | QL (120 PER 30 DAYS) |
| <i>diclofenac sodium (dr 25 mg tab, ec 25 mg tab)</i>            | 2         | QL (240 PER 30 DAYS) |
| <i>diclofenac sodium (dr 50 mg tab, ec 50 mg tab)</i>            | 2         | QL (120 PER 30 DAYS) |
| <i>diclofenac sodium (dr 75 mg tab, ec 75 mg tab)</i>            | 2         | QL (60 PER 30 DAYS)  |
| <i>diclofenac sodium 1% gel</i>                                  | 2         |                      |
| <i>diclofenac sodium er</i>                                      | 2         | QL (60 PER 30 DAYS)  |

You can find information on what the symbols and abbreviations on this table mean by going to page 1.

| DRUG NAME                                                   | DRUG TIER | REQUIREMENTS/LIMITS   |
|-------------------------------------------------------------|-----------|-----------------------|
| <i>diclofenac sodium-misoprostol (75-0.2 mg, 75-0.2 tb)</i> | 2         | QL (90 PER 30 DAYS)   |
| <i>diclofenac-misoprost 50-0.2 mg</i>                       | 2         | QL (120 PER 30 DAYS)  |
| <i>ec-naproxen dr 375 mg tablet</i>                         | 2         | QL (120 PER 30 DAYS)  |
| <i>ec-naproxen dr 500 mg tablet</i>                         | 2         | QL (90 PER 30 DAYS)   |
| <i>etodolac (400 mg tablet, 500 mg tablet)</i>              | 2         | QL (60 PER 30 DAYS)   |
| <i>etodolac 200 mg capsule</i>                              | 2         | QL (150 PER 30 DAYS)  |
| <i>etodolac 300 mg capsule</i>                              | 2         | QL (90 PER 30 DAYS)   |
| <i>etodolac er (400 mg tablet, 500 mg tablet)</i>           | 2         | QL (60 PER 30 DAYS)   |
| <i>etodolac er 600 mg tablet</i>                            | 2         | QL (30 PER 30 DAYS)   |
| <i>flurbiprofen 100 mg tablet</i>                           | 2         | QL (90 PER 30 DAYS)   |
| <i>ibu 400 mg tablet</i>                                    | 1         | QL (240 PER 30 DAYS)  |
| <i>ibu 600 mg tablet</i>                                    | 1         | QL (150 PER 30 DAYS)  |
| <i>ibu 800 mg tablet</i>                                    | 1         | QL (120 PER 30 DAYS)  |
| <i>ibuprofen 100 mg/5 ml susp</i>                           | 2         |                       |
| <i>ibuprofen 400 mg tablet</i>                              | 1         | QL (240 PER 30 DAYS)  |
| <i>ibuprofen 600 mg tablet</i>                              | 1         | QL (150 PER 30 DAYS)  |
| <i>ibuprofen 800 mg tablet</i>                              | 1         | QL (120 PER 30 DAYS)  |
| <i>indomethacin 25 mg capsule</i>                           | 2         | QL (240 PER 30 DAYS)  |
| <i>indomethacin 50 mg capsule</i>                           | 2         | QL (120 PER 30 DAYS)  |
| <i>indomethacin er</i>                                      | 2         | QL (60 PER 30 DAYS)   |
| <i>ketorolac 10 mg tablet</i>                               | 2         |                       |
| <i>lurbipr</i>                                              | 2         | QL (90 PER 30 DAYS)   |
