

Retiree RxCare 2026 Premier 4T Formulary (List of Covered Drugs or “Drug List”)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT SOME OF THE DRUGS WE COVER IN THIS PLAN

Formulary ID No. 26256, Version 15

This formulary was updated for 8/1/2026. We have made no changes to this formulary since 7/16/2026. For more recent information or other questions, please contact Retiree RxCare Customer Care Center at 1-855-693-3921 (TTY users should call 711), 24 hours a day, 7 days a week, or visit <http://retireerxcarepdp.com>.

Note to existing members: This Formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (Formulary) refers to “we,” “us,” or “our,” it means MG Insurance Company. When it refers to “plan” or “our plan,” it means Retiree RxCare.

This document includes a partial Drug List (formulary) for our plan which is current as of 7/16/2026. For a complete, updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front cover page of this document.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the Retiree RxCare Abridged formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by Retiree RxCare in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Retiree RxCare will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Retiree RxCare network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a partial formulary and includes only some of the drugs covered by Retiree RxCare. For a complete listing of all prescription drugs covered by Retiree RxCare, please contact us.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we Retiree RxCare may add or remove drugs on the formulary during the year or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: <http://retireerxcarepdp.com>

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain

new version of that drug that will appear with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the Retiree RxCare’s Formulary?”

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add a new biosimilar to replace an original biological product currently on the formulary or add new restrictions after we add a corresponding drug. We may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Retiree RxCare’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 7/16/2026. To get updated information about the drugs covered by Retiree RxCare please contact us. Our contact information appears on the front cover page of this document. If there are any changes to this formulary mid-year, we will send members a notice of change.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary listing is contained within this document. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular, Hypertension / Lipids. If you know what your drug is used for, look for the category name within the following drug list. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 68. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Retiree RxCare covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the Evidence of Coverage, Chapter Section 3.1, "The 'Drug List' tells which Part D drugs are covered."

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Retiree RxCare requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from Retiree RxCare before you fill your prescriptions. If you don't get approval, Retiree RxCare may not cover the drug.
- **Prior Authorization B/D:** This drug requires a Prior Authorization to determine if the drug is covered under Medicare Part B or Medicare Part D. Additional information is required from you or your Physician to make a determination before you may get your prescription filled. If you do not get approval, Retiree RxCare may not cover the medication and you will be responsible for the full cost of the drug, or for submitting the drug to your Medicare health plan.
- **Quantity Limits:** For certain drugs, Retiree RxCare limits the amount of the drug that Retiree RxCare will cover. For example, Retiree RxCare provides 30 per prescription for Zolpidem Tartrate 10mg. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, Retiree RxCare requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Retiree RxCare may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Retiree RxCare will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary listing contained within this document. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front cover page of this document.

You can ask Retiree RxCare to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Retiree RxCare’s formulary?” on page 5 for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so Retiree RxCare may cover your drug. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front cover page of this document.

If you learn that Retiree RxCare does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Retiree RxCare. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Retiree RxCare.
- You can ask Retiree RxCare to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Retiree RxCare’s formulary?

You can ask Retiree RxCare to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, Retiree RxCare limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Retiree RxCare will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber’s supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to

your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the 90 days of membership in our plan, we will cover a 30-day emergency supply of that drug while you pursue a formulary exception.

Note: If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 30-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 30-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

For current members, who are in a long-term care facility or going through level of care changes, Retiree RxCare will allow up to a one-month supply of medication.

Examples of level-of-care changes may include:

- Discharge from a hospital to a home setting (i.e., assisted living, long-term care (LTC), or private home) accompanied by a list of medications that may not always consider the plan drug list due to the short-term nature of the hospital visit.
- Termination of a Medicare Part A skilled nursing facility stay (where payments include all pharmacy charges)
- Hospice disenrollment
- Leaving a long-term care facility stay and returning to the community.
- Discharge from psychiatric hospitals with drug regimens that are highly individualized.

For more information

For more detailed information about your Retiree RxCare prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Retiree RxCare, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front cover page of this document.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or visit <http://www.medicare.gov>

Retiree RxCare Premier 4T Formulary

The abridged formulary that begins on the following pages provides coverage information on some of the drugs covered by Retiree RxCare. If you have trouble finding your drug in the list, turn to the Index that begins on page 68.

Remember: This is only a partial list of drugs covered by Retiree RxCare. If your prescription is not in this partial formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front cover page of this document. The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., simvastatin).

The information in the Requirements/Limits column tells you if Retiree RxCare has any special requirements for coverage of your drug.

Understanding the requirements/limits

Coverage Tier	Definition
1	Generic
2	Preferred Brand
3	Non-Preferred Drug
4	Specialty

Abbreviation	Program Name	Definition
PA	Prior Authorization	Approval is required before your plan will cover this medication.
PA B/D	Medicare Part B vs. Part D	Coverage may be available under Medicare Part B or Part D.
QL	Quantity Limit	There is a limit to the amount that can be filled per prescription or over a period of time.
ST	Step Therapy	You must try a preferred treatment alternative before coverage is available for this medication.

Drug Name	Drug Tier	Requirements/Limits
Analgesics		
Analgesics		
JOURNAVX TABLET 50MG	3	QL (30 EA per 90 days)
Nonsteroidal Anti-inflammatory Drugs		
celecoxib capsule 100mg, 200mg, 400mg, 50mg	1	QL (60 EA per 30 days)
diclofenac potassium tablet 50mg	2	
diclofenac sodium dr tablet delayed release 25mg, 50mg, 75mg	1	
diclofenac sodium er tablet extended release 24 hour 100mg	2	
diclofenac sodium gel 1%	1	QL (1000 GM per 30 days)
diclofenac sodium topical solution 1.5%	3	PA
diflunisal tablet 500mg	2	
ec-naproxen tablet delayed release 500mg	3	
etodolac capsule 200mg, 300mg	2	
etodolac tablet 400mg, 500mg	2	
flurbiprofen tablet 100mg, 50mg	1	
ibuprofen suspension 100mg/5ml	1	
ibuprofen tablet 400mg, 600mg, 800mg	1	
ibu tablet 400mg, 600mg, 800mg	1	
indomethacin er capsule extended release 75mg	2	
indomethacin capsule 25mg, 50mg	1	
ketorolac tromethamine +rfd injection 30mg/ml	3	
ketorolac tromethamine injection 15mg/ml, 30mg/ml, 60mg/2ml	3	
ketorolac tromethamine tablet 10mg	3	QL (20 EA per 30 days)
meloxicam tablet 15mg, 7.5mg	1	
nabumetone tablet 500mg, 750mg	1	
naproxen dr tablet delayed release 375mg	1	
naproxen dr tablet delayed release 500mg	3	
naproxen sodium tablet 275mg, 550mg	2	
naproxen tablet 250mg, 375mg, 500mg	1	
oxaprozin tablet 600mg	2	
piroxicam capsule 10mg, 20mg	2	
sulindac tablet 150mg, 200mg	1	
Opioid Analgesics, Long-acting		
buprenorphine patch weekly 10mcg/hr, 15mcg/hr, 20mcg/hr, 5mcg/hr, 7.5mcg/hr	3	QL (4 EA per 28 days)
fentanyl patch 72 hour 100mcg/hr, 12mcg/hr, 25mcg/hr, 50mcg/hr, 75mcg/hr	3	
methadone hcl solution 5mg/5ml	2	
methadone hcl tablet 10mg, 5mg	1	
methadone hydrochloride intensol concentrate 10mg/ml	2	
methadone hydrochloride concentrate 10mg/ml	2	
methadone hydrochloride solution 10mg/5ml	2	
morphine sulfate er tablet extended release 100mg, 15mg, 200mg, 30mg, 60mg	2	
XTAMPZA ER CAPSULE ER 12 HOUR ABUSE-DETERRENT 13.5MG, 18MG, 27MG, 36MG, 9MG	2	
Opioid Analgesics, Short-acting		
acetaminophen/codeine phosphate tablet 300mg; 60mg	1	

Drug Name	Drug Tier	Requirements/Limits
acetaminophen/codeine solution 120mg/5ml; 12mg/5ml	2	
acetaminophen/codeine tablet 300mg; 15mg, 300mg; 30mg, 300mg; 60mg	1	
endocet tablet 325mg; 5mg	1	
endocet tablet 325mg; 10mg, 325mg; 2.5mg, 325mg; 7.5mg	2	
fentanyl citrate oral transmucosal lozenge on a handle 200mcg	3	PA
fentanyl citrate oral transmucosal lozenge on a handle 1200mcg, 1600mcg, 400mcg, 600mcg, 800mcg	4	PA
hydrocodone bitartrate/acetaminophen solution 325mg/15ml; 7.5mg/15ml	2	
hydrocodone bitartrate/acetaminophen tablet 325mg; 10mg, 325mg; 2.5mg, 325mg; 5mg	1	
hydrocodone/acetaminophen tablet 325mg; 7.5mg	1	
hydromorphone hcl injection 10mg/ml, 4mg/ml	3	
hydromorphone hcl tablet 2mg, 4mg	1	
hydromorphone hcl tablet 8mg	3	
hydromorphone hydrochloride injection 1mg/ml, 2mg/ml, 4mg/ml, 50mg/5ml	3	
morphine sulfate injection 10mg/ml, 4mg/ml	1	
morphine sulfate oral solution 100mg/5ml, 10mg/5ml, 20mg/5ml	2	
morphine sulfate tablet 15mg, 30mg	2	
oxycodone hydrochloride solution 5mg/5ml	2	
oxycodone hydrochloride tablet 10mg, 15mg, 5mg	1	
oxycodone hydrochloride tablet 20mg, 30mg	2	
oxycodone/acetaminophen tablet 325mg; 5mg	1	
oxycodone/acetaminophen tablet 325mg; 10mg, 325mg; 2.5mg, 325mg; 7.5mg	2	
tramadol hydrochloride/acetaminophen tablet 325mg; 37.5mg	1	
tramadol hydrochloride tablet 50mg	1	

Anesthetics

Local Anesthetics

lidocaine/prilocaine cream 2.5%; 2.5%	1	QL (30 GM per 30 days) PA
lidocaine ointment 5%	2	QL (150 GM per 30 days) PA
lidocaine patch 5%	3	PA
premium lidocaine ointment 5%	2	QL (150 GM per 30 days) PA

Anti-Addiction/Substance Abuse Treatment Agents

Alcohol Deterrents/Anti-craving

acamprosate calcium dr tablet delayed release 333mg	3	
disulfiram tablet 250mg, 500mg	2	
naltrexone hydrochloride tablet 50mg	1	
VIVITROL INJECTION 380MG	4	

Opioid Dependence

buprenorphine hcl/naloxone hcl tablet sublingual 2mg; 0.5mg, 8mg; 2mg	1	
buprenorphine hcl tablet sublingual 2mg, 8mg	1	
buprenorphine hydrochloride/naloxone hydrochloride film 12mg; 3mg, 2mg; 0.5mg, 4mg; 1mg, 8mg; 2mg	2	

Opioid Reversal Agents

Drug Name	Drug Tier	Requirements/Limits
KLOXXADO LIQUID 8MG/0.1ML	3	
<i>naloxone hcl injection 4mg/10ml</i>	1	
<i>naloxone hydrochloride injection 0.4mg/ml</i>	1	
<i>naloxone hydrochloride injection 2mg/2ml</i>	2
